BACKGROUND TO THE GENERAL MEETING

On 13 March 2013, the Company announced that it had secured access to a maximum of AU\$7,500,000 in funds to progress the development of its Permian Project from The Australian Special Opportunity Fund, LP (the "**Investor**"), a New York-based institutional investor, which is managed by The Lind Partners, LLC.

Upon execution of the Agreement, the Company received AU\$600,000 by:

- issuing a convertible security with a face value of \$550,000 and a term of 24 months at a zero (0)% interest rate ("**Convertible Security**") in consideration for the Investor advancing AU\$500,000 to the Company. The Investor may convert the Convertible Security into Shares at any time during the 24 month term of the Agreement but not within the first 120 days of the term. The conversion price is the lesser of AU\$0.006 and 90.0% of the average of 3 daily VWAPs per Share (in Australian dollars, to three decimal places provided that if the resultant number contains four decimal places, such number shall be rounded down to the next lowest number containing three decimal places) selected by the Investor in its sole discretion, during the 20 consecutive trading days immediately prior to conversion; and
- the Investor advancing AU\$100,000 as a prepayment for the issue of Shares.

The facility of up to AU\$7,500,000 provides the Company with certainty of a base level of funding for the next 24 months.

Over the 24 month term of the Agreement, the Investor will make monthly prepayments of AU\$100,000 (or, by mutual agreement, prepayments greater than AU\$100,000 but not exceeding AU\$300,000) for the issue of Shares.

The Company has the right to postpone the issue of Shares (in respect of a prepayment) for a period of up to 3 months subject to compliance with the terms of the Agreement.

The Company issued 51,470,588 Shares in satisfaction of an AU\$175,000 commencement fee payable to the Investor under the Agreement (which equates to an issue price per Share equal to the average daily VWAP's for the 5 trading days prior to the execution date of the Agreement). The Company also issued 45,000,000 Options to the Investor which have an exercise price of AU\$0.02 and may be exercised at any time within 36 months from the date of their grant.

Further Options, which may be exercised at any time within 36 months from the date of their grant, totalling 20% of the number of Shares issued in connection with each prepayment by the Investor or on the date on which the Convertible Security (or part thereof) is converted by the Investor, with an exercise price of 120% of the purchase price of each Share issued in connection with a prepayment or the price at which the Convertible Security (or part thereof) is converted, will be granted to the Investor.

The Company has issued 50,000,000 Shares¹ to secure the obligations the Company owes to the Investor under the Agreement. These Shares:

- may be sold, assigned, mortgaged or otherwise dealt with by the Investor to satisfy any undischarged obligation of the Company under the Agreement; and
- may be used (at the Investor's direction), in certain circumstances, to satisfy the Company's obligations to issue Shares to the Investor.

The terms of the Agreement allow the Company to terminate the Agreement at no cost after 6 months, or earlier if the purchase price for any tranche should fall below \$0.002 (provided that the Company repays 105% of the amount prepaid by the Investor in respect of the tranche). In addition, the terms of the Agreement allow GGP to carry out additional private placements of equity, rights issues and shareholder purchase plans.

A summary of the Agreement is set out in the Appendix to this Explanatory Memorandum.

1. RESOLUTION 1 – RATIFICATION OF THE ISSUE OF ONE CONVERTIBLE SECURITY

1.1 Background

As referred to above, on execution of the Agreement the Company issued to the Investor a Convertible Security with a face value of \$550,000 and a term of 24 months at a zero (0)% interest rate in consideration for the Investor advancing AU\$500,000 to the Company.

The Investor may convert the Convertible Security into Shares at any time during the 24 month term of the Agreement but not within the first 120 days of the term. The conversion price is the lesser of AU\$0.006 and 90.0% of the average of 3 daily VWAPs per Share (in Australian dollars, to three decimal places provided that if the resultant number contains four decimal places, such number shall be rounded down to the next lowest number containing three decimal places) selected by the Investor in its sole discretion, during the 20 consecutive trading days immediately prior to conversion.

As at the date of this Notice of Meeting, the Convertible Security has not been converted by the Investor.

Further details about the Agreement, including the terms of the Convertible Security, are set out in the Appendix.

1.2 Listing Rules 7.1 and 7.4

Listing Rule 7.1 provides, in summary, that a listed company may not issue equity securities in any 12 month period which exceed 15% of the number of issued securities of that company held at the beginning of the 12 month period, except with the prior approval of that company's shareholders in general meeting of the precise terms and conditions of the proposed issue.

The Convertible Security:

- (a) is categorised as an equity security for the purposes of Listing Rule 7.1; and
- (b) was not, and was not required to be, approved by Shareholders for the purposes of Listing Rule 7.1 prior to its issue.

However, under Listing Rule 7.4, an issue of equity securities that has been made without prior approval under 7.1 can be subsequently ratified by shareholders (in which case it will be treated as having been made with shareholder approval for the purposes of Listing Rule 7.1).

Accordingly, the Company is now seeking to ratify the issue of the Convertible Security by the Shareholders pursuant to Listing Rule 7.4. If Resolution 1 is approved, the Convertible Security that

¹ On 6 June 2013, in broad terms, the Company and the Investor agreed that 30,000,000 of the 50,000,000 Shares issued to secure the obligations the Company under the Agreement are no longer 'collateral' Shares and that the Company has no claim or rights of recourse in respect of those 30,000,000 Shares.

was issued pursuant to the Agreement will not be included in any calculation of the 15% limit on the number of equity securities the Company may issue in any 12 month period.

- (d) The Convertible Security was issued to the Investor.
- (e) The funds raised from the issue of the Convertible Security were used to progress the development of the Company's Permian Project.

The Board recommends that Shareholders vote in favour of Resolution 1 as this will allow the Company to retain the flexibility to issue further equity securities representing up to 15% of the Company's issued share capital during the next 12 months.

2. RESOLUTION 2 – RATIFICATION OF THE ISSUE OF 51,470,588 SHARES

Accordingly, the Company is now seeking to ratify the issue of the Shares by the Shareholders pursuant to Listing Rule 7.4. The Shares:

- (a) are categorised as equity securities for the purposes of Listing Rule 7.1; and

Further details about the Agreement, including the Options, are set out in the Appendix.

6.2 Listing Rules 7.1 and 7.4

Listing Rule 7.1 provides, in summary, that a listed company may not issue equity securities in any 12 month period which exceed 15% of the number of issued securities of that company held at the beginning of the 12 month period, except with the prior approval of that company's shareholders in general meeting of the precise terms and conditions of the proposed issue.

The Options:

- (a) are categorised as equity securities for the purposes of Listing Rule 7.1; and
- (b) were not, and were not required to be, approved by Shareholders for the purposes of Listing Rule 7.1 prior to their issue.

However, under Listing Rule 7.4, an issue of equity securities that has been made without prior approval under 7.1 can be subsequently ratified by shareholders (in which case it will be treated as having been made with shareholder approval for the purposes of Listing Rule 7.1).

Accordingly, the Company is now seeking to ratify the issue of the Options by the Shareholders pursuant to Listing Rule 7.4. If Resolution 6 is approved, the Options that were issued pursuant to the Agreement will not be included in any calculation of the 15% limit on the number of equity securities the Company may issue in any 12 month period.

6.3 Details of the Issue

For the purposes of Listing Rule 7.5, the following information is provided to Shareholders:

- (a) 10,000,000 Options were issued.
- (b) The issue price of each Options was Nil.
- (c) The terms and conditions of the Options are set out in the Annexure to this Explanatory Memorandum.
- (d) The Options were issued to the Investor.
- (e) No funds were raised directly from the issue of the Options.

The Board recommends that Shareholders vote in favour of Resolution 6 as this will allow the Company to retain the flexibility to issue further equity securities representing up to 15% of the Company's issued share capital during the next 12 months.

7. RESOLUTION 7 - RATIFICATION OF THE ISSUE OF 125,000,000 SHARES

7.1 Background

In connection with the Agreement which is summarised in the Appendix to this Explanatory Memorandum, the Company issued 125,000,000 Shares (based on a prepayment of \$125,000 and an issue price of \$0.001 per Share) to the Investor on 22 May 2013 as the Tranche 2 drawdown under the Agreement. As per the ASX release on 7 June 2013, the Investor has agreed to forego the issue of 62,500,000 Shares via an offset against the next Share tranche issue (Tranche 3) under the Agreement. The offset of the 62,500,000 Shares has the net effect of making the issue price of the Shares issued on 22 May 2013 in respect of the Tranche 2 drawdown under the Agreement, \$0.002 per Share.³

Further details about the Agreement are set out in the Appendix.

7.2 Listing Rules 7.1 and 7.4

Listing Rule 7.1 provides, in summary, that a listed company may not issue equity securities in any 12 months period which exceed 15% of the number of issued securities of that company held at the beginning of the 12 month period, except with the prior approval of that company's shareholders in general meeting of the precise terms and conditions of the proposed issue.

The Shares:

- (a) are categorised as equity securities for the purposes of Listing Rule 7.1; and
- (b) were not, and were not required to be, approved by Shareholders for the purposes of Listing Rule 7.1 prior to their issue.

However, under Listing Rule 7.4, an issue of equity securities that has been made without prior approval under 7.1 can be subsequently ratified by shareholders (in which case it will be treated as having been made with shareholder approval for the purposes of Listing Rule 7.1).

Accordingly, the Company is now seeking to ratify the issue of the Shares by the Shareholders pursuant to Listing Rule 7.4. If Resolution 7 is approved, the Shares that were issued pursuant to the Agreement will not be included in any calculation of the 15% limit on the number of equity securities the Company may issue in any 12 month period.

7.3 Details of the Issue

For the purposes of Listing Rule 7.5, the following information is provided to Shareholders:

- (a) 125,000,000 Shares were issued.
- (b) The Shares were issued at \$0.001 per Share.
- (c) The Shares issued were fully paid ordinary Shares in the Company which rank equally with the Company's existing issued Shares.
- (d) The Shares were issued to the Investor.
- (e) The funds raised from the issue of the Shares were used to progress the development of the Company's Permian Project.

The Board recommends that Shareholders vote in favour of Resolution 7 as this will allow the Company to retain the flexibility to issue further equity securities representing up to 15% of the Company's issued share capital during the next 12 months.

³ For the purposes of determining the number of Options to be issued in respect of future Share tranche issuances under the Agreement, the 62,500,000 Shares to be offset against the next Share tranche issue are to be disregarded.

8. RESOLUTION 8 – RATIFICATION OF THE ISSUE OF 25,000,000 OPTIONS

8.1 Background

In connection with the Agreement which is summarised in the Appendix to this Explanatory Memorandum, the Company issued 25,000,000 Options (with an Exercise Price of \$0.0012 and an Expiry Date of 22 May 2016) to the Investor on 22 May 2013 in connection with the Tranche 2 drawdown under the Agreement. As per the ASX release on 7 June 2013, the Investor has agreed to forego the issue of the issue of 25,000,000 Options via an offset against the next Option tranche issue (Tranche 3) under the Agreement.

Further details about the Agreement, including the Options, are set out in the Appendix.

8.2 Listing Rules 7.1 and 7.4

Listing Rule 7.1 provides, in summary, that a listed company may not issue equity securities in any 12 month period which exceed 15% of the number of issued securities of that company held at the beginning of the 12 month period, except with the prior approval of that company's shareholders in general meeting of the precise terms and conditions of the proposed issue.

The Options:

- (a) are categorised as equity securities for the purposes of Listing Rule 7.1; and
- (b) were not, and were not required to be, approved by Shareholders for the purposes of Listing Rule 7.1 prior to their issue.

However, under Listing Rule 7.4, an issue of equity securities that has been made without prior approval under 7.1 can be subsequently ratified by shareholders (in which case it will be treated as having been made with shareholder approval for the purposes of Listing Rule 7.1).

Accordingly, the Company is now seeking to ratify the issue of the Options by the Shareholders pursuant to Listing Rule 7.4. If Resolution 8 is approved, the Options that were issued pursuant to the Agreement will not be included in any calculation of the 15% limit on the number of equity securities the Company may issue in any 12 month period.

8.3 Details of the Issue

For the purposes of Listing Rule 7.5, the following information is provided to Shareholders:

- (a) 25,000,000 Options were issued.
- (b) The issue price of each Options was Nil.
- (c) The terms and conditions of the Options are set out in the Annexure to this Explanatory Memorandum.
- (d) The Options were issued to the Investor.
- (e) No funds were raised directly from the issue of the Options.

The Board recommends that Shareholders vote in favour of Resolution 8 as this will allow the Company to retain the flexibility to issue further equity securities representing up to 15% of the Company's issued share capital during the next 12 months.
